Fresh A2 Badri Cow Ghee

Made with Vedic Bilona Process

Net Content : 1000ml (900 gm) at 45°C

Net Content : 500ml (450 gm) at 45°C

Himalayan A2 Badri Cow Ghee is made from the nutritious A2 milk of free-grazing Badri Cows of Champawat & Pithoragadh District of Haridwar, Uttarakhand. Badri cow is a purebred (non-hybrid) desi cattle breed found in the pristine hills of Uttarakhand. They produce high-quality A2 milk that has many remarkable health benefits. This ghee has a rich taste and authentic flavor, making it a perfect choice to add to your daily diet. Badri cow is a native cow species of Uttarakhand. This cow grazes in the Himalayas on native herbs and shrubs and hence its milk has high medicinal value. This breed requires minimal care and is blessed with strong immunity.
